My name is "Grizzly." I am a happy-go-lucky boy who just wants to play, romp, and spend time with a special friend. I am a four year old, Chow Chow mix with a black and tan coloured coat. I love to spend time outside playing or going for a long run. If you lead an active lifestyle, I am the perfect boy for you. I will be able to keep up with all the fun and exciting activities you do! At the end of the day, I love to spend an evening curled up by your feet, relaxing and resting. I would never turn down a belly rub or affectionate pat or

two. I am quite a smart fellow and would quickly learn all those commands I need to be a gentleman. Be patient with me, go slow and I will reward you with a lifetime of good manners. Do I sound like the boy for you? Please come and meet me.
